

Terrazzo Chip

Aggregate For Terrazzo Flooring

Toledo Childrens Hospital - Toledo, OH

The specialty aggregates included in terrazzo flooring are the primary ingredient of the terrazzo design mix, typically representing 70% of the flooring system. These aggregates are most commonly marble chips; however, glass and other specialty aggregates are also suitable for terrazzo flooring.

Industry Experience

Since 1947, Terrazzo & Marble Supply (T&M) has offered a variety of crushed marble and specialty aggregate for the terrazzo industry. Our history and experience have uncovered the most complete and exciting offering of specialty aggregate for terrazzo flooring. All chips are produced with a consistent crush, cleaned and dried to ensure a quality terrazzo design mix.

These quality collections of specialty aggregate are readily available for your next terrazzo project. Contact our terrazzo Department at 800.7.MARBLE for more information about Terrazzo chips available from T&M.

Sustainable Aggregate

EcoTrazzo is a thin-set epoxy terrazzo flooring system designed to provide additional green benefits relative to traditional poured-in-place terrazzo systems. Recycled chip and North American chip offer sustainable aggregate options to reduce the use of virgin materials and to help reduce the carbon footprint.

North American Aggregate Collection

These traditional marbles offer a base line of color options from North American quarries. The environmental benefits of marble aggregate can contribute to LEED credit if manufactured within 500 miles of your project.

* An increase in cost should be expected for formulas including Italian chip and glass chip rather than standard marble chip.

Italian Chip Collection*

This premium collection of aggregate includes Italian marble and exotic Mother of Pearl. Before domestic aggregates were available, imported marble chip dominated the market. Their timeless beauty offers a sense of prestige to any project.

Chip Sizes

Chips are graded by number according to size in conformity with industry standards adopted by the aggregate crushers.

The chips that pass through the screen are based and sold as the particular size. Terrazzo composed of #0 through #2 chips is referred to as "Standard." Patterns utilizing #3 through #8 chips are referred to as "Venetian," originally seen in cement terrazzo systems.

CHIP SIZE CHART			
Size (#)	Passes Screen	Retained on Screen	
Size #0	1/8 Inch	1/16 Inch	Standard
Size #1	1/4 Inch	1/8 Inch	
Size #2	3/8 Inch	1/4 Inch	
Size #3	1/2 Inch	3/8 Inch	Venetian†
Size #4	5/8 Inch	1/2 Inch	
Size #5	3/4 Inch	5/8 Inch	
Size #6	7/8 Inch	3/4 Inch	
Size #7	1 Inch	7/8 Inch	
Size #8	1-1/8 Inch	1 Inch	

† Venetian chip is not an inventory item. Therefore, allow proper lead time when ordering this product.
